

Lecture Reflection: L15

Course: IT Project Management (BIT)

Date: Thursday – 20/11/2025

Topic: Self Reading: Project Scope Management

Instructor: Dr. Ahmad Kheraisat

Student: Dareen Qutishat (0221733)

This study focused on project scope management and the essential process of creating a Work Breakdown Structure (WBS).

I learned that clear scope definition is the best defense against scope creep and project failure.
