Lecture Reflection: L8

Course: IT Project Management (BIT)

Date: Thursday – 30/10/2025

Topic: Blended: Agile Methodology

Instructor: Dr. Ahmad Kheraisat

Student: Dareen Qutishat (0221733)

This lecture introduced Agile methodology as a way to overcome the rigid limitations of the Waterfall model.

I learned the importance of iterative development, constant customer involvement, and maintaining flexibility during execution.
